Flex

Tory Lanez

Did I
Fuck around and drop the top on niggas
When them niggas thought I wouldn't
Did I
Fuck your bitch or something
What I did to ya why you fronting on me
Did I
Hit the trap and have it jumping
Turning nothing into something
Peeling off the corner flexing on them niggas
Shawty know a nigga came here from nothing
I got the gas on me
Being broke was the reason
Why all of these females would pass on me
Now I pull up in that S550 and I dash on them
And you know I don't spend any cash on themWhen I'm pulling up inside that thang
You know I do my thing
And I drop the top on all these niggas in the way
And this is for the times a nigga shitted on me
You shitted on me, now you see the tables turning my waySo I gotta flex, I gotta flex, I gotta flex on you
For all of the times when I was a mess
And you tried to flex on me too
So I gotta flex, and I gotta flex, and flexing on you too
I know I'm wrong
Tell me what I did to you
Did I
Fuck around and drop the top on niggas
When them niggas thought I wouldn't
Did I
Fuck your bitch or something
What I did to ya why you fronting on me
Did I
Hit the trap and have it jumping
Turning nothing into something
Peeling off the corner flexing on them niggas
Shawty know a nigga came here from nothing
(Fuck, can you say to me)
(Fuck, can you say to me)A young nigga gotta hop out and do something
Gotta let the top down to prove something
Nigga you know I I I got news for you
Everybody know I'm paid only you fronted

The fame made a nigga lose a lot of friendships
The fame made these niggas do a lot fuck shit
Couple good girls that I lost to the cause
I gotta face facts we don't talk no more
Young rich nigga on his way up
My niggas up and i hope that they stay up
You know the devil working gotta pray up
And i just pray that all my niggas
Paid up and ball like lay up
I'm calling shawty calling
I do this often don't know what to call it
This shit exhausting but you know I'm all in
Drop the top on that thing when its gwanin'When I'm pulling up inside that thang
You know I do my thing
And I drop the top on all these niggas in the way
And this is for the times a nigga shitted on me
You shitted on me, now you see the tables turning my waySo I gotta flex, I gotta flex, I gotta flex on you
For all of the times when I was a mess
And you tried to flex on me too
So I gotta flex, and I gotta flex, and flexing on you too
I know I'm wrong
Tell me what I did to youDid I
Fuck around and drop the top on niggas
When them niggas thought I wouldn't
Did I
Fuck your bitch or something
What I did to ya why you fronting on me
Did I
Hit the trap and have it jumping
Turning nothing into something
Peeling off the corner flexing on them niggas
Shawty know a nigga came here from nothing
(Fuck, can you that say to me)
(Fuck, can you that say to me)Can't believe when I look back at how I did it
