Feel Your Love (feat. Javeon)

Le Youth

I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
Ive realised that this is you
Ive realised that this is you
I-I-I just wanna feel your loving
Ive realised that this is youSeems far the distance that ive jumped from your ship
Before i fall be forever till its pleased to wise up
You know that if only ever if only ever
If you know now you never want to never have to
Think of me like the way i thought of you
Hold me like the way i trust i would hold you yeah yeeee!And i never thought you loved me
LOVEEEE
I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
I-I-I just wanna feel your loving
Ive realised this is you
Ive realised this is you
I-I-I just wanna feel your loving
Ive realised that this is you
