Cry Baby Cry

Santana

New begining
Carlos Santana, Sean Paul and Joss Stone
Talkin' about madness of the heart
Baby, we should never be apartGoing back to the memories
Reminiscing 'bout you and me
Thinkin' how it used to be
It's plain and clear I treated you badBut girl, you know that I care
Every relation have wear and tear
Just draw near girl and try to hear
And listen what my heart saysMany days and many nights
Many heartbreaks, many fights
Many wrongs but so many rights
So girl don't let this love die
Never meant to 'cause you no pain
Girl, I never meant to treat you lame
Gimme one more chance rewind come back again
Don't let this love dieJust cry baby, cry
(Don't cry, no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shinesCan you feel me reaching out to you, girl?
Can you hear my open thoughts?
Never want to disrespect you girl
Don't let this come break us apart'Cause I know I would die without you my girl
Can you hear my broken heart?
It's calling out to the good times
That we had back at the start
Baby
(Don't call me baby)
You know I need you in my life daily
(You know you played me)I was a player but now your love changed me
(Dead wrong)
I'm going crazy
(I'm gone)
Never thought losing you would be so hardIt's your turn to cry baby, cry
(Don't cry, no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shinesSo let go and move on
What we were is now undone
My tears have all dried

It's your turn now to cryYou're losing your love and your trust for me, girl
And you know, I would go to the ends of the world
If you wanted just like we started
Girl, 'cause I don't want to fight no more
Make it like it was beforeI'll tell you the truth and you cried and I cried
Let's get back to the place and that look in your eyes
Can you feel it inside? No clouds in your skies
The sun is gonna shine
Talk to her, SantanaIt's your turn to cry baby, cry
(Don't cry, no more)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shinesCry baby, cry
(New beginning)
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shinesCry baby, cry
'Cause every tear that flows falls into the ocean
And rises to the sky
And then the rain will come right before the sun shines
