Earth, Wind, Water & Fire

Toy-Box

Earth, wind, water, and fire
'Cause I would ride through stormy weathers
Just to show you how much I love you(I love you)I love your eyes, love your smile
Love your funky hair
I love your walk
Love your talk and the things you dare
Love you, love you, yes I do
Love me not or love me too
Honey, honey, kiekaboo
I'm in love with you
Come, baby
Tell me what you wanna do
Maybe we could get together soon
Baby, see the fire in my eyes
Yeah, you've got me hypnotizedEarth, wind, water, and fire
Can't get in the way when I'm running to you
'Cause I would ride through stormy weathers
Just to show you how much I love you(I love you)I love candy, I love sweets
Maybe ice cream too
Gummi bears and chocolate hearts make me think of you
Open open sesame
I've got goodies, come and see
Honey, honey, kiekaboo
I'm in love with you
Come, baby
Tell me where you wanna go
Maybe Paris, maybe Tokyo
Lady, see the fire in my eyes
Yeah, you've got me hypnotizedEarth, wind, water, and fire
Can't get in the way when I'm running to you
'Cause I would ride through stormy weathers
Just to show you how much I love you(Come, baby)
(I love you!)
(I love you!)Earth, wind, water, and fire
ome, baby
Earth, wind, water, and fire
You've got me hypnotizedEarth, wind, water, and fire
Can't get in the way when I'm running to you
(Come, baby!)
'Cause I would ride through stormy weathers
Just to show you how much I love youCome baby, tell me what you wanna do
Maybe we could get together soon

Baby, see the fire in my eyes
Yeah, You've got me hypnotizedEarth, wind, water, and fire
Can't get in the way when I'm running to you
(Come baby!)
'Cause I would ride through stormy weathers
Just to show you how much I love you
(I love you)
