If We Never Meet Again

Tony Bennett & k.d. lang

If we never meet again
I'll have a rose to remember
And tha snows of December
Will bring you back to meIf we never meet again
I'll fall asleep in the flowers
And dream of the hours
We spent in ecstasyThe leaves in the fall
Will recall the beauty
I found in your eyes
The birds in the Spring
When they sing will tell me
That love never dies
If we never meet again
As sure as heaven above you
Forever I'll love you
If we never meet againThe leaves in the fall
Will recall the beauty
I found in your eyes
The birds in the Spring
When they sing will tell me
That love never dies
If we never meet again
As sure as heaven above you
Forever I'll love you
If we never meet again
