Come Fly Away

Benny Benassi

I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly awayFeels like you're beatin'
Beatin' the drumbeats into my heart
Feels like there's nothin'
Nothin' around to make me stopYou are a motion that makes me high
You are a dream that burns inside
A magic potion, that's my soul
Come fly with me
Feels like you're beatin'
Beatin' the drum beats into my heart
Feels like there's nothin'
Nothin' around to make me stopYou are a motion that makes me high
You are a dream that burns inside
A magic potion, that's my soul
Come fly with meI'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly awayI'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away
