Let It Go

Tenth Avenue North

I've been holding on so tight
Look at these knuckles they've gone white
From fighting for who I want to be
I'm just trying to find securityBut you say let it go
You say let it go
You say life is waiting for the one's who lose control
You say You will be everything I need
You say if I lose my life it's then I'll find my soul
You say let it goWell it's hard enough to hear
Harder still to move beyond this fear
We know there's nothing I can bring
So tell me what do you want from me
You say let it go
You say let it go
You say life is waiting for the one's who lose control
You say You will be everything I need
You say if I lose my life it's then I'll find my soul
You say let it go
You say let it go
Oh...What do I love
What do I hate
What will I lose
What will I gain
How do I save my soul, oh
What if I bend
What if I break
What will it cost
What will it take
For You to save my soul, oh
You say let it go
You say let it go
You say life is waiting for the one's who lose control
You say You will be everything I need
You say if I lose my life it's then I'll find my soulYou say let it go
You say let it go
You say life is waiting for the one's who lose control
You say You will be everything I need
You say if I lose my life it's then I'll find my soul
You say let it go
You say let it go
