Gottem Talking (feat. Adam Calhoun)

Savannah Dexter

[Verse 1: Adam Calhoun]
What the fuck they talkin' 'bout?
I ain't tryna listen, listen you just like to bark a lot
I ain't with the bitchin', bitch you can get chopped in the parkin' lot
Listen, throw 'em in the trunk, ditch 'em
When I'm rappin' this ain't fiction
All you rappers actin' like you can't get smacked with it
Act different
That boy talk to much, he get cracked where his cap fitted
Hit him in the chest but it made his whole back different
[?] gymnastic class watch him back flippin'
This ain't competition you just lyin' when you rap
You so broke and pissed off with your dyin' lookin' ass
Album numbers through the roof
I'm the same dude that made it through the mud with the boots
You just make an excuse
You a bitch
[Chorus: Adam Calhoun & Savannah Dexter]
I ain't ever heard of you
I ain't never said a word to ya
Ain't no tellin' where I might go
You can lose your life though, life though
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
I got 'em talkin'
(I got 'em talkin')
[Verse 2: Savannah Dexter]
They judge me for how I'm livin'
Crucify my decisions
I murder my competition
I'm on, it's the fucks that I'm never given
If I get the premonition that you are my opposition
You're gone
Poof like a fuckin' magician
I am what music's been missin'
You're just a repetition
You speak but no one listens
When I speak they pay attention
You're jealous that's why we don't get along

Yeah, you ride around, I'll have to do you wrong
Ain't my fault nobody listens to your songs
Makin' checks why you're busy throwin' stones
But you'll never hit my throne
'Cause you a bitch
[Chorus: Adam Calhoun & Savannah Dexter]
I ain't ever heard of you
I ain't never said a word to ya
Ain't no tellin' where I might go
You can lose your life though, life though
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
Yeah, I got 'em talkin' (I got 'em talkin')
(I got 'em talkin')
(I got 'em talkin')
(I got 'em talkin')
