Situations (feat. Chink Santana)

Keyshia Cole

Hey, she can't love you like I love youIt started real simple
Comin' through 'cause I missed you
An' I couldn't wait to kiss you
I tried to play shy a littleBut not tryin' to move fast
But not too slow
Because I know you're the kinda guy
I see you already got meShe could never be
Half as good as me
You know what I mean
'Cause I'm the real thing
An' I got to have you
In here by your side
Wait before you day and night
Can't understand why
You're not my manBut I should be your girl
I'm fallin' in love again
Goddamn, we kissed again
It went a little bit further thenI thought this boy was just a friend
I need my baby here
'Cause can't nobody love me like he canHey, what's happenin'?
Looks like I'm runnin' a little late
I got caught up in the middle of somethin'
But I'm still tryin' to come see you later on though
An' now it's late an' I'm all talk
Convos on the phone gettin' sparked
I'm about to jump in my car
An' come and see you
I'm holdin' backI miss you, I'm lettin' go tonight
Oh an' baby, I need you
An' nothin' can stop me
We're too close nowEverythin' you do got me goin'
Crazy over you but you know
I can't stand the fact that she is
She always on your back, so what's up?Whatcha gonna do?
'Cause I'm really feelin' you
An' boy, I need to know
If you think thatI should be your girl
I'm fallin' in love again
Goddamn, we kissed again
It went a little bit further thenI thought this boy was just a friend
I need my baby here
'Cause can't nobody love me like he canShe can't love you like I love you

She can't love you like I love youDamn, shorty, I got my mind on my money
An' the hood got me tied up
Plus my baby mama keep me fired up
These other broads probably get me wired up
But the blind nigga can see that you's a riderThat's how you got me creepin' an' crawlin'
Creepin' to the bar at 6 in the mornin'
You in the zone deep when we all in
Tryin' to get me on an' the bitch keep callin'An' she be killin' me though
I see you tryin' fight it but you feelin' me though
Look, feelin' you right back
I'mma pick you up in the back, I know you like thatI should be your girl
I'm fallin' in love again
Goddamn, we kissed again
It went a little bit further thenI thought this boy was just a friend
I need my baby here
'Cause can't nobody love me like he canI should be your girl
I'm fallin' in love again
Goddamn, we kissed again
It went a little bit further thenI thought this boy was just a friend
I need my baby here
'Cause can't nobody love me like he canShe can't love you like I love you
She can't love you like I love you
She can't love you like I love you
