Juicy

Doja Cat

I keep it juicy juicy, I eat that lunch
She keep that booty booty,
She keep that pumpThat natural beauty beauty, yeah yeah
If you could see it from the front,
Wait till you see it from the back
Back, back, back, back, back
(Wait till you see it from the)
Back, back, yeah, back, back, back
(Wait till you see it from the)
Back, back, back, back, back
If you could see it from the front,
Wait till you see it from the back
He like the Doja with the cat, yeah
He like it thick, he like it fat, yeah
Like to keep him wanting more
He ask me "Doja, where you at, huh?"
And all the bitches wanna know
How long it take to pull my pants up
Broke a finger, nearly nicked some'in
Tryna squeeze into my True Religion denim
Sell it B, don't want your cellulite
I don't buy it with the cellulite
He said the body unbelievable
Can't trust a big butt and a Gemini
I keep it juicy juicy, I eat that lunch
She keep that booty booty,
She keep that pump
That natural beauty beauty, yeah yeah
If you could see it from the front,
Wait till you see it from the back
Back, back, back, back, back
(Wait till you see it from the)

She keep the juicy just for papi

Call me boppy with the body
I just slipped into my savage
And come over like a walky
Like my fish like takamaki,
Like a side of me with sake
So I put it in my mouth and suck it, I
