Confess to Me (feat. Jessie Ware)

Disclosure

I can help run away for good
All for take what you had understood
All it takes is a little understanding
After all don't question if I would
Confess to me make me feel it
Confide in me don't resent it
'Cause I can't stop you from the fire
I'll fulfill your desires for you
Confess to me make me feel it
Confide in me don't resent it
'Cause I can't stop you from the fire
I'll fulfill your desires for you
I'll fulfill your desires for you
I'll fulfill you desires for you
I can take the lo out of lonely
I can stop the sense of slowing down
Don't get lost in if you only tell me
I will help you slip and turn it round
Only not to worry
No time left for me
(No time left for me)
Only not to worry
No time left for me
Only not to worry
(Only not to worry)
No time left for me
(No time left for me)
Only not to worry
(Only not to worry)
No time left for me
Confess to me make me feel it
Confide in me don't resent it
'Cause I can't stop you from the fire
I'll fulfill your desires for you
Confess to me make me feel it
Confide in me don't resent it
'Cause I can't stop you from the fire
I'll fulfill your desires for you
I'll fulfill your desires for you
I'll fulfill your desires for you
I'll fulfill your desires for you
I'll fulfill your desires for you
