You Know You're Right

Nirvana

I will never bother you
I will never promise to
I will never follow you
I will never bother youNever speak a word again
I will crawl away for goodI will move away from here
You won't be afraid of fear
No thought was put into this
I always knew it would come to thisThings have never been so swell
I have never failed to fail
Pain
Pain
Pain
You know you're rightYou know you're right
You know you're right
I'm so warm and calm inside
I no longer have to hide
Let's talk about someone else
The steaming soup begins to meltNothing really bothers her
She just wants to love herself
I will move away from here
You won't be afraid of fearNo thought was put into this
I always knew to come like this
Things have never been so swell
I have never failed to fail
Pain
Pain
Pain
Pain
Pain
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know your rights

You know you're right
You know your rights
You know your rights
You know your rights
Pain
