

# Cloud 9 (feat. Jeremih) [Extended Mix]

## Afrojack & Chico Rose

Yeah, ayy-ayy  
YeahYeah I tried hard but I couldn't replace you  
Tattooed in my heart with a razor  
Know we fought a lot but we made it right  
Diamonds on your neck so they know you're mine  
Hit up the city in the week, yeah  
Penthouse all the way up  
Air fresh but we love a different pace, yeah  
Took it to the moon but it wasn't enough  
All you did was fade when the times gotHard and now you're far away  
I can't bring it back  
Find myself thinking what if you stayed  
And you didn't pack your bags  
Ooh, yeah  
Would we be on Cloud 9?  
Would we be on Cloud 9?  
Lovin' all night  
Lovin', lovin' all night  
How did you try?  
How did, how did you try?  
Would we play nice?  
Would we be on Cloud 9? (Yeah)I saw you called me, five in the mornin'  
You sayin' sorry, oh how you lettin' me know  
That you're with somebody else and you gettin' high  
Tryna make me jealous, gets worse everytime  
Every change that you make, it's too late  
Now you drinkin' all night  
To pass time, change mind  
Hard and now you're far away  
I can't bring it back  
Find myself thinking what if you stayed  
And you didn't pack your bagsOoh, yeah  
Would we be on Cloud 9?  
Would we be on Cloud 9?  
Lovin' all night  
Lovin', lovin' all night  
How did you try?  
How did, how did you try?  
Would we play nice?  
Would we be on Cloud 9? (Yeah)You say you want some space but you  
Already dipped, hundred miles away  
We should stop communicatin'

'Cause this ain't what you want, I wanna  
Would we be on Cloud 9?  
Would we be on Cloud 9?  
Lovin' all night  
Lovin', lovin' all night  
How did you try?  
How did, how did you try?  
Would we play nice?  
Would we be on Cloud 9? (Yeah)  
Would we be on Cloud 9?  
Would we be on Cloud 9?  
Lovin' all night  
Lovin', lovin' all night  
How did you try?  
How did, how did you try?  
Would we play nice?  
Would we be on Cloud 9? (Yeah)
