Pretty Beautiful

Danny Gokey

There's something about you, you're every move
Is like the sun comes up just to shine on you
You're a wildflower in a world of weeds
Ain't no doubt about it, you were hand picked just for meOh baby you, turn gray to blue
Yeah, what you do is wonderful, wonderful
Don't you know, oh you're so beautiful, beautiful
You make pretty beautiful
Oh, you're beautiful
No, it ain't what you wearing, those diamond eyes
It's a love that you carry so deep inside
Like a mist in the morning, or the midnight rain
You're the love that I want, I want falling down on meOh baby you, turn gray to blue
Yeah, what you do is wonderful, wonderful
Don't you know, oh you're so beautiful, beautiful
You make pretty beautifulBaby, you're the one in a million
No, you're the only one that's ever been so beautifulYou're, you're, you're so beautiful
You're, you're, you're so beautiful
Oh baby you, turn gray to blue
Yeah, what you do is wonderful, wonderful
Don't you know, oh you're so beautiful, beautiful
You make pretty beautiful
