This Is Who We Are

Hawthorne Heights

Between the future and the past tense
Lies the present in the distance
So you think we're never coming back
Scoring points for passion and persistenceBetween the lines on the highway
Lies the danger and the safety
You never thought this was gonna last
I always knew you'd never take it back
I always knew(I ALWAYS KNEW!)"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casket
"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casketBetween the sadness and the smile
Lies the flicker of the fire
You always said this never hurt you
I always said you were a liar
With the all the towers and the wires
There still lies a little silence
Two hearts and one connection
One voice lets emotion out
I always knew(I ALWAYS KNEW!)"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casket
"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casketInstead of flowers like words they never mattered
Close it up forget about the sadness (close it up forget about the sadness)
He always said she should of stopped crying
But he knew at least she was lying downI'M COMING BACK!(I'm coming back)
I'M COMING BACK!(I'm coming back)"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casket"I know it seems like we're never coming back
I know it feels like we're never coming back
You tried your best and you knew it wouldn't last"
They were the words that she placed on her casket
