Gamesofluck

Parcels

It hard and slower to find your man
but falling over wont hide your head'Cause you waited long enough
as addicted for the love
now you your taking over us'Cause you waited long enough
as addicted for the love
now you your taking overHa ohh
I can just believe it
Ha ohh
I can not receive thatHa ohh
I can't just believe itThe strongest shoulder wont hold you up
and cold October wont call your luck'Cause you make it dangerous
when playing games of luck
now your taking over us'Cause you make it dangerous
when playing games of luck
now your taking overHa ohh
I can just believe itHa ohh
I can not receive that
Ha ohh
I can't just believe itI can just believe itI can just believe itI can just believe it
