Creepy Crawl

Necro

Creepy crawling, in ya crib, we're comin'to kill
Catch you while ya sleep, wake up to a gun in ya grill
Doing Satan's business, tie you up, hang you, strangle you
22cal. bang bang you - Mephisto with a pistol
On methedrine crystal, give me all the money
To me you're less than shit stool - Juxed 51 times
Women screaming, blood everywhere bound and
Gagged in fear you star, beg for ya life
Break the gun handle on ya skull, take a jagged knife
Then like an animal indulge in non-stop stabbing trife -
Puncture pregnant bitch, rupture arteries
My horrific cult of vultures - Butchering, no remorse
Bludgeoning, slit ya throat, gushing like a flushed toilet
Now ya hunched - My infamous psycho posse
Tagging pig up on the door in blood
You can't stop me from...
Stabbing and stabbing and stabbing and stabbing
And stabbing and stabbing and stabbing and
Stabbing and stabbing and stabbing and stabbing
And stabbing and stab you to death! - (Until you die)
- (My cult keeps) - (Viciously)
Face down on the bed, pillow case over ya headLamp cord choked, leave everyone in the placeDead - Knife to ya chest, ya colon flexes slashing
The word war in your solar plexus - We're piranhas
Get you prepped for embalmers - ya pleading, bleeding
Profusely in your pajamas - Attacking my prey like a
Starving hawk - Jux ya buttocks with an ox and a
Carving fork - Senselesscrime, no motive, sacred deed -
Shock the world, make'em stand up and take heed -
Needle tracks on my arm, influenced by Beatles tracks
Doing your featl sac harm - Patty, do something witchy later -
Helter Skelter in blood on the refrigerator - Exit, me and my
Vicious accomplices hitch-hike back to the ranch, mission accomplished
Stabbing and stabbing and stabbing and stabbing
And stabbing and stabbing and stabbing and
Stabbing and stabbing and stabbing and stabbing
And stabbing and stab you to death! - (Until you die)
(My cult keeps) - (Viciously)
