Too Many Years (feat. PnB Rock) [Baauer Rewind]

Kodak Black

I done gave the jails too many years
Years that I won't get back
And I swear I done shed too many tears
For niggas that I won't get back
Yeah I got niggas in the graveyard, niggas in the state yards
I swear not a day goes by
That I don't think about the times
I wish that I could rewind'Cause I done gave the jails too many years
Years that I won't get back
And I swear I done shed too many tears
For niggas that I won't get back
Yeah I got niggas in the graveyard, niggas in the state yards
I swear not a day goes by
That I don't think about the times
I wish that I could rewind
I told my mama we gon' be fine
So I'm up all night way after sleep time
I'm just thinkin' 'bout Lil Kuda, gave my dog a dime
He put a [?] shots in a nigga's behind
No daddy so I grew up to the street life
But my son, I'ma keep him the beehive
Scheming on a heist, I need to change my life
Been geekin' all night, I'm going senile
With two niggas toting three 4-5's
I seen a nigga play gangsta, then he broke down
Lost a lot, lost his mind in the courthouse
I'm on XXL, I'm in New York now
I done gave the jails too many years
Years that I won't get back
And I swear I done shed too many tears
For niggas that I won't get back
Yeah I got niggas in the graveyard, niggas in the state yards
I swear not a day goes by
That I don't think about the times
I wish that I could rewindI keep thinkin' 'bout my niggas
I think I need a [?] I would keep on falling victim
Lost up in the system
Miss my brothers and my sisters
Damn I miss my lil one
I know sometimes I be tripping

But I just miss my niggas
I got codeine in my liver
I gave the judge a piece of me
I'm too street for the industry
But I think that's where I need to be
'Cause verbally, mentally, and physically I keep that heat
Me and my brother fit in
We smoking one with PME
Niggas say they fuck with me
But lowkey they be [?] me
Bitches don't mean shit to me
People tryna sentence me
How a youngin' posted on the street, gon' call it Sesame
1K 'til the death of me, don't put your life in jeopardyI done gave the jails too many years
Years that I won't get back
And I swear I done shed too many tears
For niggas that I won't get back
Yeah I got niggas in the graveyard, niggas in the state yards
I swear not a day goes by
That I don't think about the times
I wish that I could rewind
