# Forces (feat. Airling)

## Japanese Wallpaper

I've been thinking 'bout it
On my own, and all morning
Heavy on your shoulders
Over and over, I'd settle for those forcesYou feel it in your bones but you won't act on it
There's something in your heart but you won't talk talk talk about it
The sun surrenders, my mind wants to give me upCause I've been thinking 'bout it
And I've been dreaming 'bout you
Won't do a thing about this
Cause I don't wanna ruin you, mm
I been, I been tripping on ya
Haven't even got a clue
Won't do a thing about this
Cause I don't wanna ruin youI've been tripping on your sweet nothings, and I've lost it
And what you've got is magic
Over and over, close your eyes and let it floor you
Cause I've been thinking 'bout it
And I've been dreaming 'bout you
Won't do a thing about this
Cause I don't wanna ruin you, mm
I been, I been tripping on ya
Haven't even got a clue
Won't do a thing about this
Cause I don't wanna ruin you
