Feels Like

Peking Duk

Are you still the one I know (I'll never let you go)
Will you ever see the things you lost (Cause it's not broken)And you never feel the same (It's never like the first time)
Will you ever be the one for me?And it feels like Are you still the one I know (I'll never let you go)
Will you ever see the things you lost (Cause it's not broken)And you never feel the same (It's never like the first time)
Will you ever be the one for me?And it feels like
