# Wasted

## ORKID

Said we won't go this far
Oh, such a mess you are
But I seem to forget
We're better off when we're wasted
Who knew when all alone
That we could feel this way
Forgotten all I've lost
Don't sober up, you will waste itI don't love you, no that's what I tell 'em
Whatcha' wanna' looking at me just like that
If it's all we ever wanted
Why do we end up tomorrow
The night that we ever said
Drop that sweater
When you're in my bed
I still don't get why
We're better off when we're wastedEy baby, we're off when we're wasted
We're better off when we're wasted
Don't sober up, you will waste itSay this is just for now
Until we both find out
Who we are meant to find
We're better off when we're wasted
And it is quite bizarre
I won't confess, you are
Exactly what I want
Don't sober up, you will waste it
I don't love you, no that's what I tell 'em
Whatcha' wanna' looking at me just like that
If it's all we ever wanted
Why do we end up tomorrow
The night that we ever saidDrop that sweater
When you're in my bed
Drop that sweater
When you're in my bed
I still don't get why
We're better off when we're wastedWe're better off when we're wasted
We're better off when we're wasted
We're better off when we're wasted
(We're better off when we're wasted)I should have faith in you
When you feel this too
Ain't got time wasting time
If it's not spent with you
It's way too obvious

When the both of us
We feel exactly the same
I can't have enough of youDrop that sweater
When you're in my bed
I still don't get why
We're better when we're wastedDrop that sweater, can't have enough of you
We feel exactly the same when
We're better off when we're wasted
Drop that sweater, can't have enough of you
We feel exactly the same when
We're better off when we're wastedWe're better off when we're wasted
(Wasted)
(Don't sober up, you are wasted)
We're better off when we're wasted
