Shut Me Up

Mindless Self Indulgence

The bass, the rock
The mic, the treble
I like my coffee black
Just like my metalWith the bass, the rock
The mic, the treble
I like my coffee black
Just like my metal'Cuz I can't wait for you to knock me out
In a minute, minute
In a fuckin' minuteI can't wait for you to knock me out
In a minute, minute
In a second
I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it upI can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it upLa, la, la
Ooh
La, la, la
Ooh
La, la, la
OohThe bass, the rock
The mic, the treble
I like my coffee black
Just like my metal
With the bass, the rock
The mic, the treble
I like my coffee black
Just like my metal'Cuz I can't wait for you to knock me out
In a minute, minute
In a fuckin' minuteI can't wait for you to knock me out
In a minute, minute
In a secondI can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it upI can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it upI don't find it funny right now (right now)I'm almost over my body right now (now)
I'm on my way to the party right now (right now)
I don't find it funny right now (right now)

I'm almost over my body right now (now)
I'm on my way to the party right now (right now)
Because the break, the break, the break
I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up
I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up
