River of Jordan (feat. Breyan Isaac)

Lecrae

They say wash in the river of Jordan
Wipe away your sins like I've done mine
And the people then they'll be equals
There's too many sinkholes we've left behindI'm losing my religion
I've realized I wasn't built for these conditionsYeah
I gave up my all
When I felt lost not a one of ya'll called
When I took off everybody else stalled
I don't really understand what ya'll on
What ya'll want
I can't live, can't be free
I can't be here
Gave my sweat gave my tears
Gave up all the best of my years
I done gave everything
I ain't gained anything
Just pain and more sadness
Just broad strokes and blank stares
No details and no canvas
Nah I ain't livin for your love
Case dismissed I don't need another judgeI done got everything off my chest
But I got one more thing to confessI'm losing my religion
I've realized I wasn't built for these conditions
Nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah nah
So Imma leave religion for a relationship
Never sell my soul Imma sell my ship
I failed you all because I failed to help
Just know I failed myself
But faith keeps me from folding
It's all I got left I'm left here with no one
I ain't choose You but You say I'm chosen
And when I feel lost the cross all I hope inI lost my religion but I found God
Sounds odd but I'm better at seeing how far
Did I come from the dark is the nights to the light
Irregardless of all of my many flaws

Amen
I ain't livin for your love
Case dismissed I don't need another judge
I done got everything off my chest
But I got one more thing to confessThey say wash in the river of Jordan
Wipe away your sins like I've done mine
And the people then they'll be equals
There's too many sinkholes we've left behindI'm losing my religion
I've realized I wasn't built for these conditions
Nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah
Nah nah nah nahThey say wash
In the river of Jordan
I'm losing my religion
