Why Didn't You Call Me

Macy Gray

We went out one night
Everything went right
We got something started
It was outta sight
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you againBy the phone I wait
Staring into space
Thinking about our first kiss
Out on our first date
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you again
Why don't you call me again?
And I'm gonna ask
When I see you again
Thought you would be my man, my lover, my friend
I never thought it would end so quickly
It would end.I've resorted to
Hanging up on you
I know you know it's me but,
How else will I talk to you
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you again
Why don't you call me again?
And I'm gonna ask
When I see you again
Thought you would be my man, my lover, my friend
I never thought
It would end so quickly
It would end.
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you
I thought I'd see you
I thought I'd see you again
