

# U Don't Know (feat. Wizkid)

## Justine Skye

Boo what you tryna prove?  
Can we just talk about it?  
Got nothin' left to lose  
But you still walk around it  
And I'm the one who chooses  
To still wonder 'bout you  
I think I know the truth  
But sometimes I doubt  
And I'm afraid it'll hurt when I finally fall down  
Cause the weight of my world's in the palm of your hands now  
But you don't know it  
You don't know it  
You don't know it  
You don't even know it  
I try to keep my cool, but it's too hard to tell if  
You play me for a fool or your heart finally felt it  
And you're the one who's losin', you're too fuckin' selfish  
I didn't wanna do this, but I just can't help it  
And I'm afraid it'll hurt when I finally fall down  
Cause the weight of my world's in the palm of your hands now  
But you don't know it  
You don't know it  
You don't know it  
You don't know it  
You don't even know it  
If you wanna leave, my girl, you better leave  
I really got a lot to offer, please  
She said she stay, I begged her mother, please  
I got your message, baby, don't repeat  
I know your body more  
You baby don't believe  
Cause all we have is never meant to be  
No disrespect, but you set the tone  
And I'm afraid it'll hurt when I finally fall down  
Sing for me, gyal  
Cause the weight of my world's in the palm of your hands now  
But you don't know it  
Me no know, me no know  
My gyal, you like to know  
You don't know it  
Me no know, me no know  
My gyal, you need to know

You don't know it  
You don't even know it  
Me no know, me no know  
My gyal, you need to know  
International flexin'  
You don't know it  
You don't know it
