Keep It Mello (feat. Omar LinX)

Marshmello & Omar LinX

Woke up and just felt right
Phone blown like a tailpipe
Today's schedule air tight
I turn a short day into a long night
See you soon if you got the heart
Meet you outside reny parkHurry up it it's gettin dark
We don't say too much
And that says a lot
Hoped into that old benz
Drive through where that road ends
Good times with some old friendsI got just the thing if you so tense
Burn one lets go do some
Got me stoned as medusa
Zoned out with a blank stare
I'm lookin into the futureHold up ain't nothing gonna hold us
Put the devil to the sideGot an angel on my shoulder
And I'm like hello
It's good to finally let goI ain't worried bout a thing
I just like to keep it mello
Yea I like to keep it melloI smoke and keep it melloI drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
Mello, mello...
It's like 4 am and I'm bored again
When that 40 endWhen that dream team all
Played out and they hit bench
I just step back lemme soak it in
I've seen the ups and downs
So I get it now, I was born to winIt's my time bout time, my turn I can't lie
Waiting for that one spark
My one hope to catch fire
I'm fine, I'm highLight rain through the sunshine
Tryin to man this old boat
I'm the captain now and it's crunch time
I don't care if I'm gettin paid
Need the week but I get the day
Wide awake when I need sleepI'm knee deep but I set the way
Focused on that one mistake let it free don't let it break

Fuck it all, I'm turning in
My celly's off the great escape
Hold up ain't nothing gonna hold us
Put the devil to the side
Got an angel on my shoulder
And I'm like hello
It's good to finally let go
I ain't worried bout a thing
I just like to keep it mello
Yea I like to keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
