

# Cookin (feat. RySoValid)

Fat Joe, Remy Ma & French Montana

Crack  
Haaan  
(This is...)  
Montana  
SkrrBad bitches, fuckin' everyone of 'em  
Ten chains, rockin' everyone of 'em  
I'm in the club, bitches beggin' me to shoot 'em up  
With the seventeens, sixteens, there ain't a new one up  
It look like I been cookin', it look like I been cookin', it look like I  
been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
Summer's gone and we still doin' LeBron numbers  
Make Rihanna want the Don on her  
Bag alert, Goyard on the duffel  
So much up on the plate niggas swear I'm shavin' truffle, han  
El Chapo notice me  
He said work forever, my lady got bricks of Jodeci  
Don't it look like I been cookin'?  
Trump in the trunk, half a ticket in the cushion  
Hit it once at the Carter Hall  
And she ain't even know she was a squirter, yo  
Bad bitches, mami with the slanted eyes  
Half black, half white, that's my panda vibe  
Bad bitches, fuckin' everyone of 'em  
Ten chains, rockin' everyone of 'em  
I'm in the club, bitches beggin' me to shoot 'em up  
With the seventeens, sixteens, there ain't a new one up  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
I got a lot of bread, cause I'm gettin' dough  
Yeah I got that cake, I be on the stove  
We are not the same, I'm one of a kind  
It's my time, you hatin' on me, get in line son  
Rem on the mission, I'm in the kitchen with Joe and  
I just chiefed up a yacht, I'm tryna whip me a Boeing  
Mami you're like average, I'm in the white palace  
I'm out in Dubai, everybody lookin' like Khaled  
The match chinchilla, my pets been killa  
I'm cookin' like it's the last Thursday in November  
That means it's Thanksgiving, I'm making baked chicken  
I'm on my second plate, and your pieces ain't hittin'

What it look like, bitch?Bad bitches, fuckin' everyone of 'em  
Ten chains, rockin' everyone of 'em  
I'm in the club, bitches beggin' me to shoot 'em up  
With the seventeens, sixteens, there ain't a new one upIt look like I been cookin', it look like I  
been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'  
It look like I been cookin', it look like I been cookin'Bad bitches, fuckin' everyone of 'em  
Ten chains, rockin' everyone of 'em  
I'm in the club, bitches beggin' me to shoot 'em up  
With the seventeens, sixteens, there ain't a new one upIt look like I been cookin', it look like I  
been cookin'
