

Endure

Nonpoint

Oooo, yeah! Even with a diagram, of my DNA
I leave scientists baffled til the end of the day
Try to pick apart my life-style
How I survive
Making money for the boss
While I make nickel and dime
Being on time
Takin a punch
And doin my best
Not ever hearing good job, and staying upset
Doesn't take too much to find
The sediments they left behind
Put down the books
Put up the walls
I'm never givin' up at all
What's yours is yours
What's mine is yours
And I'll mature
Endure!
Endure!
Endure! Not even with ten men holding me back
Not even with a devious planned attack
Contemplating every move that I play
Willing the bad things all away Keeping the worry-free
Happiness philosophy
That's what I let them see
When they try to look at me
Put down the books
Put up the walls
I'm never givin' up at all
What's yours is yours
What's mine is yours
And I'll mature
Endure!
Endure!
Endure! Don't want out! Oooo, Yeah!
Yeah
Oooo, Yeah!
Oooo These issues arise everyday
Though you try to turn your head and walk away
Though it leaves you feeling insecure
You're gonna feel your life mature Endure!

Endure!
Endure!
Endure!
