

Sound of Silver

LCD Soundsystem

Sound of Silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real live emotional teenager
Then you think againSound of Silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real live emotional teenager
Then you think again
Sound of Silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real live emotional teenager
Then you think againSound of Silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real live emotional teenager
Then you think again
Sound of Silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real live emotional teenager
Then you think again
