She Was No Good for Me (feat. Miranda Lambert)

Willie Nelson

She was a good looking woman no doubt
A high steppin' mover that men talk about
Everything bad in me she brought it out
And she was just no good for meShe was wonderfully wicked and wild
With the looks of a woman
And the ways of a child
She could twist you or turn you
With a look or a smile
But she was just no good for meDon't be taken by the look in her eyes
If she looks like an angel
It's a perfect disguise
And for somebody else she may be
But she was just no good for me
I'm just a fool for a looker I guess
When it comes to beauty Lord knows she was blessed
I thought I could change her and I did my best
But she was just no good for me
