# Ayo!

## Andy Mineo

Never bored
Never bored
Never bored
Never bored
Never bored
Never bored
Never boredGnarlyNever bored
But I got a board
That I put on all fours
And kick it on smooth floors
It's with me on tours
Even riding on stages
Reds in the wheels
But I wasn't set claiming
Clicked up
We ain't trying to be famous
People don't get it
They don't know just what the aim isDangerous
What you gon' say
It's a man who been changed
Who know that to die is their gain!Yeah! You know what it's like
You know what it's like
Getting ready for the moment
Getting ready for the night
But I'm getting ready for that moment
Where my faith will be sight
What's the point of getting fly
You ain't ready for the flight
Ha
From the sight to the one that I follow
Dudes find bravado from the bottom of the bottleUntil they got the face twisted up like Picasso
there's another way to live
You ain't gotta go. Somebody tell em!Say ayo!
Come and kick it with the team
The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen
Homie come get it right
Show you what the clique likeSay ayo!
Come and kick it with the team

The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen
Homie come get it right
Show you what the clique likeKobe told me 'bout the matrix
Not that I'm about it
I don't bang with the same set that I used to claim
See look it I ain't famous
Some people know my name though
I just won't remain low
So that that I don't take it to the brain, brain
Catch me underground on a train ridin' slow
That's where I compose
All my wickedest flows
Being from New York
Or wicked at its pros
And these con Edison bills high like they smokingSome are up town
It's like an expo
Like some exposed skin
Like a triple x show
Me and my dawgs flee
We don't need to bend though
But my flesh be itching
Get it
U starting but I'm trying to finish
Enjoying God's gifts
You know what the dish
Back in Barbados
They made us the flying fish
We been all around the world
Me and the whole clique
Unashamed everywhere
They holla 1 1 6 sayingSay ayo!
Come and kick it with the team
The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen
Homie come get it right
Show you what the clique likeSay ayo!
Come and kick it with the team
The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen

Homie come get it right
Show you what the clique likeNever bored
Never bored
Never bored
Never bored
Never bored
Never bored
Never boredSay ayo!
Come and kick it with the team
The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen
Homie come get it right
Show you what the clique likeSay ayo!
Come and kick it with the team
The party's over here
Let me show you what I mean
We saying
Say ayo!
On on that one sixteen
Homie come get it right
Show you what the clique like
