Can't Stop

Martin Solveig & Dragonette

We're not gonna change the world
We're gonna rock it
Can't stop, entertain that's what its all about
We'll Sleep some other time, we're on a roll yeahCan't Stop, Is this all you wanna give us now?We're gonna drop the bomb
We're gonna blow up
Can't Stop, turning it out, shake it out now
Don't need no cred, Oh my god super radWe Have your attention
Finger licking good
Everybody Listening
Cause they know they should.
We're not gonna change the world
We're gonna rock it
Can't stop, entertain that's what its all about
We'll Sleep some other time, we're on a roll yeah
Can't stop, is this all you wanna give us now?We're gonna drop the bomb
We're gonna blow up
Can't Stop, turning it out, shake it out now
Don't need no cred, Oh my god super radCan't stop, is this all you wanna give us now?We're not gonna change the world
We're gonna rock it
Some other time, we're on a roll yeah
Is this all you wanna give us now?
(Overlapping)We have your attention, finger licking good
Everybody listening, cause they know they should.Is this all you wanna give us now?We're not gonna change the world
We're gonna rock it
Can't stop, entertain that's what its all about
We'll Sleep some other time, we're on a roll yeah
Can't stop, is this all you wanna give us now?We're gonna drop the bomb
We're gonna blow up
Can't Stop, turning it out, shake it out now
Don't need no cred, Oh my god super radCan't stop, is this all you wanna give us now?
Can't stop, is this all you wanna give us now?
Can't stop, is this all you wanna give us now?
