I Wish You Were Here (feat. Miranda Lambert)

Charles Kelley

Two hours out of
New York City
Heading south again
Roadside neon
Black water river
the thin white line never ends
Ohhh I wish you were here
Sleepin' on my shoulder
breathin' my air
wakin' up at 2am
stumble out of a beat up van
crawl into a motel bed
Ohhh I wish you were here
thought about you all the way from
New York to L.A.
Wherever I go
there you are
I broke my own heart for a
room full of strangers
staring at the pieces and parts
Ohhh I wish you were here
Sleepin' on my shoulder
breathin' my air
moonlight pouring in
a million miles to touch your skin
closer than we've ever been
Ohhh I wish you were here
Oooooooo ohhh yeah
Ohhh to hear your voice
Ohhh to hear your smile
Ohhh to hear you say I
miss you babyyyy
I wish you were here
Sleepin' on my shoulder
breathin' my air
wakin' up at 2am
stumble out of this beat up van
crawl into a motel bed
Ohhh I wish you were here

Oooooooo Oooooo
