If U Leave (feat. Mary J. Blige)

Musiq Soulchild

You think I'm so full of it, full of it
But I think I'm just fed up baby
You think I can be so arrogant, arrogant
But I'm just tryna get keep my head up babyYou think I procrastinate baby
But I think I'm taking my time
You think you need to leave
But I think I disagree butIf you believe you'll do best without me
I'll let it go girl, it's over
But before we say good bye
Let's give it a tryIf you leave then baby I'll leave
I'll let it go girl, it's over
But I have no doubt
We can work it out
Yeah, I think you're so full of it, full of it
You just don't know when to let up baby
I think you're so arrogant, arrogant
That you think you're so much better babyThat I think it ain't healthy for me to judge
You by your flaws and that's why I
Know I could criticize, but I put that aside
To focus on you and IBut if you believe you'll do best without me
Then I'll let it go boy, it's over
But before we say goodbye
Lets give it a tryIf you leave then baby I'll leave
I'll let it go boy, it's over
But I have no doubt
We can work it out, yeah
Now if you wanna go
Baby then I'll let you go
And even though I'm tryna hold on
I can't if you don'tNow if you leave me you're gonna miss me
And I'm not saying that I'll be here waiting
Since we here right now
(Instead of just walking out)
Let's work to reach the point that I know we can beBut if you believe you'll do best without me
I'll let you go, it's over
(It's over)
But before we say
Let's give it a try
If you leave then baby I'll leave
I'll let it go, it's over
I have no doubt
We can work it out

If you believe you'll do best without me
I'll let it go girl, it's over
Before we say goodbye
Let's give it a try
If you leave then baby I'll leave
