Wrong (feat. Lil Uzi Vert)

MAX

Wanted to take her back to my place.
Driving 90, let the cops chase.
Making her damn it feels so good face.
And she don't wanna wait, no, wait till we get home.Oh that girl she want it.
Yeah she need it,
She a bad mother and I believe it.She says pull over and don't lock the doors.
She doesn't care who sees anymore
It's better when it feels wrong. It's better when it feels wrong.6 miles high up in the air space.
She's saying come on to the back baby.
Everybody knows just what's happening.
But she don't give a shit, no .
She just want this ooo.Oh that girl she want it.
Yeah she need it,
She a bad mother and I believe it
She says come closer and don't lock the doors.
She doesn't care who sees anymore.It's better when it feels wrong. It's better when it feels wrong.It's better when it feels wrong. It's better when it feels wrong.
