Evermore

Josh Groban

I was the one who had it all
I was the master of my fate
I never needed anybody in my life
I learned the truth too late
I'll never shake away the pain
I close my eyes but she's still there
I let her steal into my melancholy heart
It's more than I can bearNow I know she'll never leave me
Even as she runs away
She will still torment me
Call me, hurt me
Move me, come what may
Wasting in my lonely tower
Waiting by an open door
I'll fool myself, she'll walk right in
And be with me for evermoreI rage against the trials of love
I curse the fating of the light
Though she's already flown so far beyond my reach
She's never out of sight
Now I know she'll never leave me
Even as she fades from view
She will still inspire me
Be a part of everything I do
Wasting in my lonely tower
Waiting by an open door
I'll fool myself, she'll walk right in
And as the long, long nights begin
I'll think of all that might have been
Waiting here for evermore
