Something Better (feat. Lady Antebellum)

Audien

I never met you, but I know you're out there
If I cross the oceans, would you be there?
A stranger's eyes, that somehow look familiar
I know that when it's you, I rememberSo wait for me, I swear I'll find you
Climb in there...??? every??? that hide you
I know we, we're meant for something betterSo wait for me, the world is changing
Underneath, the ground is shaking
You and I, we're meant for something better
Better ohohohoh
I swear I'll find you???
You're like the best??? that I can share
A stranger's eyes, that somehow look familiar
I know that when it's you, I rememberSo wait for me, I swear I'll find you
Climb in there...??? every??? that hide you
I know we, we're meant for something betterSo wait for me, the world is changing
Underneath, the ground is shaking
You and I, we're meant for something better
Better ohohohohOhohohohohohSo wait for me, the world is changing
Underneath, the ground is shaking
You and I, we're meant for something better
Better ohohohoh
I swear I'll find you
Ohohohohohoh
We're meant for something better
Better ohohohoh
