Ftpa (feat. Gorgon City)

Erik Hassle

Let me take you on a trip 'round the world and back
Everything disappears, the way you're movin' baby
Do me a favor, stay in this moment
All that was shattered, all that was broken
It's coming together, my adventure
Oh, don't be scared, I'm right here
Do me a favor, stay in this moment
Once I was shattered, once you were broken
We're coming together, oh don't be scared
I know, I'm right here
Kissing your scars softly,
Watching you giving me slowly
Fuck the pain away
Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain awayHm woah let me show you what I've got, to give to you
Hm woah, let your body do talking, I'll be listening
I'll be listening
Do me a favor, stay in this moment
All that was shattered, all that was broken
It's coming together, my adventure
Oh, don't be scared, I'm right here
Do me a favor, stay in this moment
Once I was shattered, once you were broken
We're coming together, oh don't be scared
I know, I'm right here
Kissing your scars softly,
Watching you giving me slowly
Fuck the pain away
Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away(Yeah) I know it, oh oh
(Ah) I know it, yeah
I know it, oh yeah baby
Oh yeah baby
It wasn't meKissing your scars softly,
Watching you giving me slowly
Fuck the pain away

Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away
