Death Note (feat. Lil Skies & Craig Xen)

GNAR

[Intro: Lil Skies & GNAR]
I got demons in my brain
They want me to let it go
They want me to let it go
Bust down glass all in the Patek
They just tryna kill me 'cause I have it
Demons in my brain, and they wanna go
If I say I love you that's on my soul[Chorus: Lil Skies]
Ayy, ayy, I got demons in my brain
They want me to let it go
Shorty tell me I'm the same
'Cause I'm fucking all these hoes
And we been through the rain
We can make it through the snow
Heard them niggas throwing shade
Fuck 'em all 'cause they broke
That's right
I signed my death note, what's hope
Wrapped around my neck, a rope
I don't got time for lies and jokes
You gon' make me go Incredible Hulk
[Verse 1: GNAR]
She fuck with me, she don't fuck with you, yea, woah
Iced out my heart, now it's bullet proof, uh
I took my shot, gotta tell the truth, woah
I'm kind of psycho, keep it real with you, uh
Stackin' bands, used to have no food, uh
Went through the pain, now I'm lettin' loose
Mixed hoes, white and black, like a beetle soup, ayy
I mean beetle juice
Gnarcotic gang
Misfit kids who fuck up shit, get fucked up quick
I know the feeling, you're knowing your vision, but no one listens
This is just so sickening
Fuck that big guap by the billion
I fuck your mistress, uh
[Chorus: Lil Skies]
I got demons in my brain
They want me to let it go
Shorty tell me I'm the same
'Cause I'm fucking all these hoes
And we been through the rain

We can make it through the snow
Heard them niggas throwing shade
Fuck 'em all 'cause they broke
That's right
I signed my death note (What's hope)
Wrapped around my neck (A rope)
I don't got time for lies and jokes
You gon' make me go Incredible Hulk[Verse 2: Craig Xen]
Shawty, where your mind at?
If I asked you to kick it then would you slide back?
To my crib I been going through a lot alone (Uh-huh)
I need somebody to kick it with when I'm at home
I'm head-strong, but my spirit got a hole in it (Got a hole in it)
I been open and hoping that you can come fill it (Hmm)
That's how I'm feeling really, I ain't ever wanna have to ask for help
Put pride to the side, I need it, alright?
Slide tonight[Chorus: Lil Skies]
I got demons in my brain
They want me to let it go
Shorty tell me I'm the same
'Cause I'm fucking all these hoes
And we been through the rain
We can make it through the snow
Heard them niggas throwing shade
Fuck 'em all 'cause they broke
That's right
I signed my death note (What's hope)
Wrapped around my neck (A rope)
I don't got time for lies and jokes
You gon' make me go Incredible Hulk[Outro: Gnar]
Bust down glass all in the Patek
They just tryna kill me 'cause I have it
Demons in my brain, and they wanna goIf I say I love you that's on my soul
