Fear (feat. Imagine Dragons)

X Ambassadors

There's a whisper, a rumor
Voices in the air outside
Got their eyes on the future
Yeah, the kids are coming up on the rideGot em' running in fear, fear, fear
Got em' running in fear, fear, fearLights out
I'm 'fraid of everything that moves
Lights out
I'm 'fraid of everything that moves
Roll this cup of deuces
The fuel will keep the fire alive
All the police think we're useless
Yeah, the kids are coming out tonightGot em' running in fear, fear, fear
Got em' running in fear, fear, fearLights out
I'm 'fraid of everything that moves
Lights out
I'm 'fraid of everything that movesLights out (uh!)Lights out(uh!)
Lights out
I'm afraid of everything that!
Lights out
I'm afraid of everything that
Lights out
Lights out
