Violator Girl

Black Stone Cherry

Violator girl she's the queen of the world
She stops traffic with a spin and a twirl
Works all day but she lives for the night
She got a thing for the neon lightsViolator girl
She's the queen of the world
Violator girl
She's gonna rock your worldToo hot to handle and ready to rock
This little hen's got me loaded and cocked
She's daddy's girl but she's mine for tonight
Take a million bucks to keep her satisfied
Violator girl
She's the queen of the world
Violator girl
She's gonna rock your world
