Say Something

KIDZ BOP Kids

Say something im giving up on you
i'll be the one if you want me to
and anywhere i would've followed you
say something im giving up on you
and i for felling so small it was over my head and i know nothing at all
and i was someone let to fall im just starting to love you
say something im giving up on you
im sorry that i couldn't get to you
and anywhere i would've followed you
say something im giving up on you
and i will swallow my pride
your the one that i love and im saying goodbye
say something im giving up on you
im sorry that i couldn't get to you
and anywhere i would follow you
wooh
say something im giving up on you
say something im giving up on you
say something
