

Samsa

Heads.

HEADS. SmileCause you're never around, never around
Cause you're never around nowhere to be found
 Never around, so get right on it
 Lose all ties in grief
 Smiling through broke teeth
 You're never around, we can't forget this
Cause you're always down or head in the cloudsCause you're never around, never around
 Cause you're never around nowhere to be found
 Cause you're never around, never around
 Cause you're never around
