Take (feat. Ty Dolla $ign)

Arin Ray

Just wanna take you home
Girl you know I don't wanna
Play no more
It's the truth, just want you
I wanna take you home
Girl you know I don't wanna
Play no more
It's the truth, I want you, want youAutomatic ways when we touch base
Just wanna fuck a bad bitch it's a good day
I'm talkin' [?]
Tried to tell you not to bring that ass around me
Okay, no tease I want it all off
Don't trip I won't get caught up baby
You get work you better call off
Whole week, you need it all off
Oh no, baby I don't mean to tell what to do
But it's all decisions
Just wanna take you home
Girl you know I don't wanna
Play no more
It's the truth, just want you
I wanna take you home
Girl you know I don't wanna
Play no more
It's the truth, I want you, want youDolla Sign!
We could take our time
We could take our time
I'm a long [?] for a long time
Swimmin' in your pussy I'ma dive in
Your nigga keep blowin' up your line put it on silent
Okay, I just play my role
Told me we should take it slow, yeah
Sex so good got you shook yeah
Sex so good got you hooked yeah yeah yeah
Babe I don't mean to tell you what to do
But there's so much [?]Just wanna take you home
Girl you know I don't wanna
Play no more
It's the truth, just want you
I wanna take you home
Girl you know I don't wanna
Play no more

It's the truth, I want you, want you
