Vibes, vibes

Vibes, vibes

Vibes, vibes
Money, and weed welcome to real niggas lives
Vibes, vibes
Music and weed welcome to real niggas livesYou can boss up or boss down, from New York
To North Cal
You can walk or whip the Porche round
The work just touched, tell Forty to send the calls round
Told O, I'm ready to free fall now
We don't yell gang gang, we just say Strain Gang
Always high, forever fly, that's how we maintain
And the music is so melodic, exquisite lifestyle nigga even the dog exotic
No longer selling dope but believe me I thought about it
Before I do I dirt my dog try to talk the good Lord about it
Was never a rat, never went to the court about it
Thinking about your throat and wrapping a sword around it
I ain't talking 'bout a burger but order a quarter pounder
Laying on the sand, with all of the water round it
Let's put weight in every state and set up a tour around it
Vibes, vibes
Money, and weed welcome to real niggas lives
Vibes, vibes
Music and weed welcome to real niggas lives
Vibes, vibes
Money, and weed welcome to real niggas lives
Vibes, vibes
Music and weed welcome to real niggas livesLife's a trip, light the piss
Been flagged by every bank I guess I'm a risk
I used to get it by the bale, shout out Mexico
I feel just like forty, I went Federal
And fuck fame, jealousy'll get your life tooken
Limoncello in my lungs, got my eyes crooked
Sunset Boulevard, we at the sky bar, I'm at the Mondrian
He know what floor I'm on, white girls doing coke off a glass plate
I pull out a stack of blue hundreds outta flat rate
A bunch of glass tips in my ashtray
I'm on a mission till it lands safe
Got it locked on both sides, vibes, yeah that get high shit for your ride
Tell 'em get your dough up, this money bundle don't even fold up

Vibes, vibes
Money, and weed welcome to real niggas lives
Vibes, vibes
Music and weed welcome to real niggas lives
Vibes, vibes
Money, and weed welcome to real niggas lives
Vibes, vibes
Music and weed welcome to real niggas lives
