Never Gone

Colton Dixon

Lights off, a shot in the dark
We get lost when we're playing a part
We lay blame like we know what's best
It's a shame...We break when we fall too hard
Lose faith when we're torn apart
Don't say you're too far gone
It's a shame
It's a shameI'm still standing here
No, I didn't disappear
Now the lights are on
See I was never gone
I let go of your hand
To help you understand
With you all along
Oh I was never goneThere's space between our lives
Hard to face, but I know we try
To revive, bring it back to life
Don't walk away
Don't walk awayI'm still standing here
No, I didn't disappear
Now the lights are on
See I was never goneI let go of your hand
To help you understand
With you all along
Oh I was never gone
I never ever left you
Never ever left you, no.
I never ever left you
Never ever left you, no.Jesus never ever left you
Never ever left you, no.See a signal in the dark.
now you know you're not aloneI'm still standing here
No, I didn't disappear
Now the lights are on
See I was never goneI let go of your hand
To help you understand
With you all along
Oh I was never gone
I'm still standing here
No, I didn't disappear
Now the lights are on
See I was never gone
I let go of your hand

To help you understand
With you all along
Oh I was never gone
