Yeah, yeahOh, girl you are p-e-r-f-e-c-t
Oh, girl you are p-e-r-f-e-c-t
Oh, girl you're perfect, you're perfect
Oh, baby you're perfect, you're perfect
Baby, baby, baby, you perfect
Oh yeah you perfectWear your hair down to your waist
Take off everything
Lemme turn you on
I can see it in your face there's no words to say
I hope you can hold on
I can be your day shift, night shift
Your vices can get vice gripped
Start kissing we can bite lips
I've never seen you like this
Cause baby you deserve, baby you deserve itCause baby you are p-e-r-f-e-c-t
Oh, girl you are p-e-r-f-e-c-tIt's later in the evening
No baby I'm not sleeping
The touching and the teasing
So good it's like I'm dreamingI can be your day shift, night shift
Your vices can get vice gripped
Start kissing we can bite lips
I've never seen you like this
Cause baby you deserve, you deserve it
Oh baby, you are p-e-r-f-e-c-t
You're perfect, baby, baby, baby you are p-e-r-f-e-c-t
You're perfect for me
Cause baby you are p-e-r-f-e-c-t
Oooh baby you are p-e-r-f-e-c-tP-E-R-F-E-C-T
P-E-R-F-E-C-T
