Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
I'm calling all you, party people
Come on, get up and dig that funk I have for ya
I have a funky sensation
That was spread around the nation
Get up, clap your hands and feel the groove
You see people like me need people like you
To come together and enjoy the funky beat
Take your time, relax your mind
Come on, come on and dig my funky sensation, eh
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
You know what?
Yeah, yeah, I see you creeping out there on the dance floor
I want you to put the hands together like this, come on
Yeah, you feel it, that's when you got oooh
There you go, just move the left leg, that's it
Move your left leg (ya, with the beat come on)
Put your right hand in the air (mm, that's it)
Lean left, lean right, lean back come on
It's just the funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation

Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
Can you feel it? Can you feel it?
My funky sensation
