Cologne (feat. Nikki Cislyn & Javeon)

Clean Bandit

When I walk into the club and my feet start to rub
Everybody thinks I'm weird but the truth is I'm not
When I'm in the studio and the 808 pops
Everybody thinks I'm weird but the truth is I'm notGonna let the music take control of me and let the bass rush through me
808 pace to make, I love the state I'm in, it's my [?]
All the feelings that I'm feeling, loving everyone it's amazing
I want to stop until I drop I know I'm on top and now it's time to bop(Let me see you get low)
Whatever happens tonight stays in the crowd
Whatever happens stays between you and IYour cologne and the bass is making my heart beat insaneIt's amazing when we party all night for the cause
When I watch you get down I forget all your flaws
If you fly into my life it's so nice, it's full-on
But the music takes us deep 'til the breaking of dawnWhatever happens tonight stays in the crowd
Whatever happens stays between you and IYour cologne and the bass is making my heart beat insaneWhatever happened...
Whatever happened... you and IWhatever happens tonight stays in the crowd
Whatever happens stays between you and I
Your cologne and the bass is making my heart beat insaneWhatever happens tonight stays in the crowd
Whatever happens stays between you and IBounce, bounce, bounce, bounce, let me get... Get-get-get low Get-get-get low for me
