Best Years of Our Lives

Orchestral Manoeuvres In the Dark

Where we're going
Heaven knows
{we're} lost and falling
And it showsAnd I know you won't believe me
And I know it won't seem right
And I beg you just to leave me
When we'd argue and we'd fight
But even as we stumble
Through the darkness and the light
You know these were
The best years of our livesSent to hurt me
And you will
Tear the seasons
From the hill
And I know you won't believe me
And I know it won't seem right
And I beg you just to leave me
When we'd argue and we'd fight
But even as we stumble
Through the darkness and the light
You know these were
The best years of our livesAnd I know you won't believe me
And I know it won't seem right
And I beg you just to leave me
When we'd argue and we'd fight
But even as we stumble
Through the darkness and the light
You know these were
The best years of our lives
And I know you won't believe me
And I know it won't seem right
And I beg you just to leave me
When we'd argue and we'd fight
But even as we stumble
Through the darkness and the light
You know these were
The best years of our lives
